PROFESSIONAL SUMMARY

I am a highly driven Full Stack Developer with 12+ years of expertise in crafting user-centric, high-performance applications across Cloud, Desktop, and Mobile platforms. Passionate about emerging technologies, I am actively expanding my skills in AI & ML to incorporate intelligent automation and advanced predictive capabilities into future projects. With a strong focus on problem-solving, innovation, and collaboration, I thrive in dynamic environments, driving projects from concept to completion with a creative yet analytical approach, and I'm committed to continuous learning and team success.

SKILLS

PROGRAMMING LANGUAGES & FRAMEWORKS:

Expert	PHP, JavaScript, Python, ReactJS, VueJS, Laravel, MySQL, TypeScript, HTML, SCSS
Advanced	ReactNative, Java, Swing, Spring Boot, NodeJS, Express, Next.JS
Intermediate	C#, Asp.Net Core, Kotlin, Dart, Flutter, Cypress, PHPUnit, MongoDB

PLATFORMS, FRAMEWORKS, DEVOPS & OTHER TECHNOLOGIES:

- Git (GitHub), Docker, AWS ECS, CircleCI, UNIX, Linux, Vercel, Heroku
- Figma, Sketch, MS Office, Adobe (Photoshop, InDesign, Illustrator, Premiere, After Effect, XD), DaVinci Resolve, 3Ds Max, Maya etc.
- Full Stack Development, Technical analysis, API Design, Product development
- Team management & Communications

WORK HISTORY

SENIOR FULL STACK SOFTWARE DEVELOPER

December 2024 to October 2025

Golden Goat Software Pvt. Ltd. | United Kingdom based Company (Contract)

<https://www.goldengoatsoftware.com>

- Develop and maintain APIs to enable seamless communication between front-end and back-end systems.
- Optimize applications for performance and scalability to handle high traffic and large data sets efficiently.
- Implement security best practices such as authentication, authorization, and data protection to safeguard user information.
- Integrate third-party services and APIs to extend application capabilities.
- Write clean, maintainable, and well-documented code following industry standards and best practices.
- Troubleshoot and debug issues across different parts of the application to ensure smooth functionality.
- Develop database schemas and queries to ensure efficient data storage and retrieval.
- Stay up to date with emerging technologies and suggest improvements to enhance application performance and maintainability.
- Leverage emerging AI & ML technologies to enhance application features, automate processes, and improve user experience where applicable.

SENIOR FULL STACK SOFTWARE DEVELOPER

November 2020 to October 2025

Gamenic Nalamiz Tech (Katsumok) | Japan based Company (Full Time)

<https://nalamiz.gamenic.io/#!/team>

- Work with development teams and product managers to ideate software solutions.
- Write effective APIs.
- Implement CI/CD pipelines to automate testing and deployment processes.
- Troubleshoot, debug and upgrade software.
- Build the front-end of applications through appealing visual design.
- Create security and data protection settings.
- Build features and applications with a mobile responsive design
- Test software to ensure responsiveness and efficiency.
- Train new developers on company standards.

WORK HISTORY

(Cont.)

SENIOR SOFTWARE DEVELOPER (Self-Employed)

June 2017 to October 2020

Macaw Logics Pvt. Ltd. | Kathmandu, Province No. 3

<https://mlogics.com.np>

- Monitored ongoing operation of assigned programs and responded to problems by diagnosing and correcting logic and coding errors.
- Discussed project progress with customers, collected feedback on different stages and directly addressed concerns.
- Gathered customer requirements to develop clear specifications for creating well-organized project plans.
- Adjusted software parameters to boost performance and incorporate new features.
- Orchestrated efficient large-scale software deployments, including testing features and correcting code.

SOFTWARE DEVELOPER

October 2011 to April 2017

iTech Net Pvt. Ltd. | Kathmandu, Province No. 3

<https://itech.net.np>

- Collaborated on all stages of SDLC, from requirement gathering to production releases.
- Administered, supported and monitored databases by proactively resolving database issues.
- Designed intuitive graphical user interfaces using knowledge of serial communications and database design to improve user experience.
- Introduced methodologies and best practices to software development division to enhance product definition and application customization.

EDUCATION

MASTER'S IN COMPUTER APPLICATION (MCA, 2023)

Indira Gandhi National Open University (IGNOU)

International Center for Academics (ICA), Gyaneshwor, Kathmandu, Nepal

BACHELOR'S IN COMPUTER APPLICATION (BCA, 2019)

Purbanchal University (PU)

College of Information Technology & Engineering (CITE), Tinkune, Kathmandu, Nepal

+2 IN MANAGEMENT / SCIENCE

Higher Secondary Education Board (HSEB) / TU

Pashupati Multiple Campus Mitrapark, Kathmandu / ASCOL

TRAININGS

CODING

- PHP with MySQL in **Aptech Computer Education** in 2011
- ASP.Net Core in **Neo Sphere (Hulas Education)** in 2012
- Web & Desktop App Development using ASP.Net in **UniSys Technologies Pvt. Ltd.** in 2013

GRAPHICS & MULTIMEDIA

- 3D Animation & Post Production in **Pentasoftware Technologies**
- Advance Animation in Maya in **Arena Multimedia**

PORTFOLIO

FREELANCING PROJECTS

- **CLIENT PROJECT**
 - Property Management System Freedom Resort
 - Ticketing System Art in Paradise
- **WEBSITE PROJECT**
